

## PHYSICIAN OPPORTUNITY AVAILABLE AT BUSY CLINIC IN BEACH COMMUNITY OF SOUTH SURREY/WHITE ROCK

If you are a Physician seeking work life balance, we have a wonderful location for you. It's an exciting professional opportunity in the unique and enchanting community of South Surrey/White Rock (just south of Vancouver). We offer a medical practice where our Physicians work with experienced nurses and MOA's to achieve optimal patient care. The efficiencies of a great team provides our Physicians with more personal time to enjoy our seaside community.

We believe in staff support for Physicians so you can practice medicine effectively. At Peninsula Medical Clinic you have a unique opportunity to work with medically trained support staff AND a very competitive split.

Our community has been growing rapidly and in response we are expanding in a highly visible location. Our growing waitlist of patients looking for Physicians has resulted in the creation of two new positions for Physicians. We also have an adjoining space available for specialists. Please call to find out more.

### We take care of all administration, such as:

- Utilize Oscar EMR
- Promote your new location in the local papers if desired.
- Handle all MSP and non-MSP billings and collections.
- Order all supplies and maintain equipment and computers.
- Handle all staffing, including hiring of nurses, MOA's and other staff.

### Additional new revenue opportunities such as:

- Complex Care Management
- Patient workshops (group billings)
- Research
- Development of specialized services: sports medicine, women's health, government physicals, and non-MSP patient care.

To learn more about the opportunity to practice with us or to arrange a meeting, please contact Carol Doiron by email: [cdoiron@peninsulamedical.ca](mailto:cdoiron@peninsulamedical.ca) or by phone: **604-916-2050**

**We would be happy to work with  
you to build a successful practice!**

**Peninsula Medical Clinic** 15355 24th Avenue | Unit #410 | Surrey, BC | V4A 2H9

### Lifestyle

The mild climate of the South Surrey/White Rock community offers a warm "outdoorsy" lifestyle with beautiful beaches, extended golf season or sailing, and south of the border shopping. The diverse age groups of young families and retiring seniors within this community help cater to a successful medical practice combined with a new, exciting lifestyle.

### Nurse-Assistance

Our Physicians work with experienced nurses who optimize Physician productivity by assisting with medical procedures, chronic/complex care management, and patient care follow up.

### Facility

Located near hospitals, laboratories, and other support services. Includes up-to-date examination and consultation rooms, and a minor treatment area.

### Flexibility

We are open seven days a week and can accommodate most schedules.

### Freedom

We are a fairly large clinic where we all work together so Physicians can schedule vacations. We engage a locum if no internal coverage is available.

### "Booked" and "Walk-In"?

We have both booked and walk-in shifts available.
